FEATURES

Digital Image Stabilization: Gives you sharp images no matter the condition. Whether it's low light, zooming or just shaky hands, your photos come out sharp and clear.

Smart Auto: Captures the perfect shot by first analyzing key composition elements and then selecting from 17 different photo and 4 different movie modes: Portrait, Night Portrait, Backlight Portrait, Macro Portrait, Night, Backlight, Landscape, White, Natural Green, Blue Sky, Sunset, Macro, Macro Text (with grid), Macro Color, Tripod, Action, Fireworks.

Face Detection: Your camera does the work for you by detecting and adjusting the lighting on up to nine different faces at one time.

Beauty Shot/Self Portrait: Position yourself in the frame, with dark circles and blemishes automatically removed.

Multi Slide Show function: Lets you arrange pictures into a slide show and add music.
