## FEATURES

**Digital Image Stabilization:** Gives you sharp images no matter the condition. Whether it's low light, zooming or just shaky hands, your photos come out sharp and clear.

**Movie recording:** Record movies in the palm of your hand.

**Smart Auto 2.0:** Using your selected shoot mode, Smart Auto takes perfect shots automatically, based on lighting and other conditions.

**Smart Filter 2.0:** Change the mood of stills and movies with special-effects filters, such as Half Tone Dot and Old Movie.

**Face Detection:** Your camera does the work for you by detecting and adjusting the lighting on up to nine different faces at one time.

**Beauty Shot/Self Portrait:** Position yourself in the frame, with dark circles and blemishes automatically removed.

**Multi Slide Show function:** Lets you arrange pictures into a slide show and add music.

**Portrait Highlight:** Samsung's smart Portrait Highlight technology makes everyone photograph looking their absolute best – automatically, every time.

**Magic Frame Shot:** Now you can create artistic, framed photo postcards and posters right in the camera. First select one of the Magic Frame Shot templates, then take the shot. Both images will automatically be combined in a perfectly framed shot, ready to share with friends and family.

**Intelli-Studio:** Intelli-studio- Built-in advanced editing software gives you the freedom to play, edit and share files on any PC. Intelli-Studio even starts up automatically – simply plug into any PC via the USB input.
